## **TITLE 1 PARENT INVOLVEMENT PLAN**

We believe parental involvement is a key component of student achievement and success. Collaboration between parents, teachers, and administrators was used to develop the following Parent Involvement Plan.

Parents are asked to attend Open House at the beginning of the school year to meet the teachers. Each year parents, teachers, administrators, and students sign compacts and pledge to work together as a team to ensure the success of our students. Parents are encouraged to serve as volunteers at Southeast (i.e. library and classroom assistants, field trip chaperone, etc.)

Parent conferences can be held at any time during the school year. We schedule school- wide parent/teacher conferences twice a year, once in the fall and the other in the spring. Parents have opportunities to participate in local and district- wide parent meetings that focus on the school instructional plan, test-taking tips for their children, improving their child's academic performance and parenting skills.

***Parents are asked to please read over the Parent/Student/Teacher/Principal Compact on the next page. Please sign in the appropriate place and return by your child within the first week of school.***

## **CONCERNS, COMPLAINTS, SUGGESTIONS and COMMENDATIONS**

*Your input and concerns as parents are most important to the daily operation of our school. All concerns, commendations and suggestions in reference to your child's classroom should first be presented to and discussed with your child's teacher. Any classroom problems that are not resolved should be directed to the principal. Bus problems and all other school-related problems and concerns should be directed to the principal. Scheduled appointments are most helpful for planning effective parent conferences. However, parents are always welcome to visit or call the office at any time to discuss ways to help your child or improve our school.*
